

EDIBLE RECIPE

Marshmallow Play Dough

Ingredients

- 1 cup marshmallows
- 2 tsp. coconut oil (or vegetable oil)
- ¼ cup cornstarch
- Food colouring (optional)

Directions

- Put marshmallows into a large bowl. Marshmallows expand when heated and you don't want your bowl to overflow.
- Add coconut oil.
- Microwave for 30 seconds.
- Add cornstarch and food colouring (optional).
- Mix, mix, mix! Start with a spoon and as your play dough comes together knead with your hands. Be careful, it will be hot.
- If it is too sticky, add small amounts of cornstarch until desired consistency.
- Play away (once cooled)!
